ABOUT COMPANY

Our Experience: 15 years experience on designing, developing and manufacturing on both residential and industrial garage door industry. We focus on the innovation and high-technology research to bring new fresh products and services for our partners around the world. Consistent efforts on more safer and more efficiency working to improve the garage and industrial door performance.

Our Manufacturing Ability:

ISO9001 quality control certified for management, we are familiar with TUV / RCM laboratory rule for pre-certified manufacturing design. Allow the annual capacity for over 300,000 garage door openers, and 100,000 industrial door openers.

CERTIFICATES

Quality assurance is embedded in the culture at Forcedoor. Quality control (QC) measures are not an afterthought, but an integral part of the manufacturing process. Every product must go through a series of rigorous tests and inspections to ensure that every aspect, from engine performance to safety features, meets the highest standards of excellence.

Forcedoor's certification and quality do not end at the factory gates. The company uses an extensive supplier vetting process to ensure that every component integrated into products comes from the same quality manufacturers. This supply chain management strategy has resulted in durable partnerships and a robust product that customers can trust every time they use an Forcedoor product.

ACCESSORIES FOR INDUSTRIAL

F-BOX

You can control your industrial doors everywhere of the world by "F-linx" APP.

Wireless communication using multi frequency technology between F-BOX and wireless safety system.

This allow users to linked with "F-linx" APP for "Safety Center" to track all information about safety and security of the doors and gates.

SMART ACCESS

Works with a sensor to control your door in the APP.

F-BOX

WIRELESS TILT SENSOR

SECTIONAL DOOR

TILT DOOR

SMART SAFETY SYSTEM

Pairs with safety accessories.

Check the status in the APP security center.

WIRELESS WICKET DOOR SWITCH

WIRELESS PHOTO BEAM

WIRELESS OPTICAL SAFETY EDGE

WIRELESS AIR SWITCH

WIRELESS SLACK-ROPE SWITCH

WIRELESS E -LOCK

GARAGE DOOR OPENER

EXTERNAL RELAY MODULAR PORT

Optional: Wired E-lock kit

Just need external relay modular+wired E-lock kit, improve user doors security level.

USB WIFI PORT

Optional: USB WiFi module

Just need the USB WiFi module to control your doors by "F-LinX"APP.

BUILT-IN WIFI

You can smart control the door by "F-LinX"APP. Linked with "F-linX"APP for "safety center" to track all data about safety accessories of the door and gates, provides one-stop after-sales service.
